

Roofing Growth Desk

Recover missed jobs. Revive old opportunities. Turn happy customers into reviews and referrals.

Roofing Growth Desk is a Revenue Recovery Desk for roofing companies. We work approved follow-up lanes and show weekly proof of what was contacted, worked, booked, handed off, closed out, or still leaking.

What we work first

- Missed calls and voicemails
- Unsold or stale estimates
- Stale web leads, messages, texts, and emails
- No-show appointments and reschedules
- Reviews, referrals, past customers, and repeat inspections when the relationship lane is ready

Simple method

1. Quick Leak Scan Find the first practical follow-up lane.
2. Work the lanes Use approved scripts, stop rules, opt-out handling, and roofer handoffs.
3. Weekly Recovery Report Show what moved, what needs the roofer, and what still leaks.

Best opening line

We help you recover missed jobs, revive old opportunities, and turn happy past customers into reviews, referrals, and repeat inspections.

Call to action

Start with the Free Quick Leak Scan at RoofingGrowthDesk.com or call (800) 363-4719.

No guarantee of leads, jobs, rankings, reviews, referrals, revenue, or profit. Roofing companies remain responsible for inspections, estimates, licensing, permits, workmanship, contracts, customer promises, and legal compliance. Outreach must use approved lists, approved wording, and opt-out handling.
